

**Price Schedule for Supply of Water Pump Items in PemaGatshel Dzongkhag for the Financial Year 2024-2025**

Sl.	Item Name & Description	Unit	Company	Quoted Amount (In Nu.)
1	Three phase, Star Delta control panel in set for 25HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent	no	Robin Enterprise	48100
2	Three phase, Star Delta control panel in set for 10HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent	No	SAI TRADING PARTNER	19948
3	Submersible pump set: Star Delta 15HP/11.1kW (113- 176m head) 3phase,415V,48A,50Hz submersible pump set discharge 210 lpm having 50mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by	set	Robin Enterprise	78700
4	Star Delta 25HP/18.5kW (270-300m head) 3phase,415V,48A,50Hz submersible pump set discharge 210 lpm having 50mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by manufacturer for above	no	Jain Metal	95266
5	Three phase, Star Delta control panel in set for 15HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent	no	Jain Metal	19513
6	Three phase, Star Delta control panel in set for 20HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent	No	SAI TRADING PARTNER	20938
7	Submersible pump set: Star Delta 7.5HP/5.5kW (78-133 head) 3phase,415V,14.5A,50Hz submersible pump set discharge 180 lpm having 40mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by	set	DIGITAL NETWORK ENTERPRISE	55000

8	Star Delta 20HP/14.8kW (150-270m head) 3phase,415V,48A,50Hz submersible pump set discharge 210 lpm having 50mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by manufacturer for above	no	Jain Metal	82303
9	Three phase, Star Delta control panel in set for 10HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent	no	Jain Metal	17674
10	Three phase, Star Delta control panel in set for 25HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent	No	SAI TRADING PARTNER	24717
11	Submersible pump set: Star Delta 5HP/3.7kW (48-107m head) 3phase,415V,14.5A,50Hz submersible pump set discharge 180 lpm having 40mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by m	set	DIGITAL NETWORK ENTERPRISE	45000
12	Star Delta 7.5HP/5.5kW (78-133 head) 3phase,415V,14.5A,50Hz submersible pump set discharge 180 lpm having 40mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by manufacturer for above	no	Robin Enterprise	59724
13	Three phase, direct on line control panel in set for 5HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent or higher	No	Jain Metal	8450
14	Submersible pump set: Star Delta 25HP/18.5kW (270- 300m head) 3phase,415V,48A,50Hz submersible pump set discharge 210 lpm having 50mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by	set	DIGITAL NETWORK ENTERPRISE	39000
15	Sumbersible cable for pump: 4sq.mm	mtr	BAIJNATH GUPTA & SONS	180

16	Star Delta 5HP/3.7kW (48-107m head) 3phase,415V,14.5A,50Hz submersible pump set discharge 180 lpm having 40mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by manufacturer for above	no	Robin Enterprise	53200
17	Three phase, direct on line control panel in set for 7.5HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent or higher	No	Jain Metal	9360
18	Submersible pump set: Star Delta 20HP/14.8kW (150- 270m head) 3phase,415V,48A,50Hz submersible pump set discharge 210 lpm having 50mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by	set	Robin Enterprise	94869
19	Sumbersible cable for pump:8sq.mm	mtr	BAIJNATH GUPTA & SONS	250
20	Three phase, Star Delta control panel in set for 20HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent	no	Robin Enterprise	37979
21	Three phase, Star Delta control panel in set for 15HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required. BCH made or equivalent	No	BAIJNATH GUPTA & SONS	14500
22	Submersible pump set: Star Delta 10HP/7.4kW (78-133m head) 3phase,415V,48A,50Hz submersible pump set discharge 210 lpm having 50mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by ma	set	Robin Enterprise	57464
23	Star Delta 15HP/11.1kW (113-176m head) 3phase,415V,48A,50Hz submersible pump set discharge 210 lpm having 50mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by manufacturer for above	no	Robin Enterprise	78700

24	Three phase, Star Delta control panel in set for 7.5HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required (Direct On line). BCH made or equivalent	no	BAIJNATH GUPTA & SONS	15200
25	Three phase, Star Delta control panel in set for 5HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required(Direct On Line). BCH made or equivalent	No	SAI TRADING PARTNER	10378
26	Sumbersible cable for pump:10sq.mm	mtr	DIGITAL NETWORK ENTERPRISE	350
27	Star Delta 10HP/7.4kW (78-133m head) 3phase,415V,48A,50Hz submersible pump set discharge 210 lpm having 50mm outlet dia and 10 or more stages that could meet the required head. Size of the borewell 6inch or standard size design by manufacturer for above s	no	Robin Enterprise	57464
28	Three phase, Star Delta control panel in set for 5HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required(Direct On Line). BCH made or equivalent	no	Jain Metal	8450
29	Three phase, Star Delta control panel in set for 7.5HP Submersible pump with ammeter and voltmeter display with all control gears, switches and indicator as required (Direct On line). BCH made or equivalent	No	BAIJNATH GUPTA & SONS	14500
30	Sumbersible cable for pump:6sq.mm	mtr	DIGITAL NETWORK ENTERPRISE	190
